CAREER OBJECTIVE

Aspiring AI and Data Scientist skilled in Python, SQL, Machine Learning, and Statistics. Experienced in data cleaning, and building predictive models, translating raw data into actionable business insights through dashboards and visualizations.

EDUCATION

- **Kathir College of Engineering, Coimbatore** Nov 2022 – May 2026
B.E. Computer Science and Engineering – 8.38 CGPA
- **Palaniammal Municipal Girls Higher Secondary School, Tiruppur** May 2022
Higher Secondary Certificate – 77.5%
- **Shri Valli Vidhyalayaa Matric School, Tiruppur** May 2020
Secondary School Leaving Certificate – 96.8%

SKILLS

- **Languages:** Python, SQL, HTML, CSS
- **Core Areas:** Artificial Intelligence, Machine Learning, Statistics
- **Libraries:** NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn
- **Tools:** PowerBI, Excel, Google Colab, Git, GitHub, VS Code

PROJECTS

Medical Insurance Cost Prediction 2026

- Developed a Medical Insurance Cost Prediction project using Python and Linear Regression to predict insurance costs based on customer details such as age, BMI, smoking status, and dependents. Performed data preprocessing, analysis, and feature engineering, and deployed the trained model
- Tools / Technologies: Python, Numpy, Pandas, Matplotlib, Seaborn

Sales Data Analysis Dashboard 2026

- Collected and analyzed yearly sales data, creating dashboards to highlight KPIs, top products, regional trends, and provide actionable insights to improve sales performance. Interpreted patterns and trends to recommend strategies for boosting revenue and operational efficiency.
- Tools / Technologies: Pandas, Seaborn, PowerBI

INTERNSHIP

Qspiders | Data Science 2026

- Performed data cleaning, preprocessing, and exploratory data analysis (EDA) using Python, NumPy, and Pandas.
- Developed visual reports and dashboards using Matplotlib, Seaborn, and SQL for effective data analysis.

Cognifyz Technologies | Front-End Development 2024

- Designed and developed responsive web interfaces using HTML, CSS, JavaScript.
- Improved website performance and user experience by optimizing layouts and interactive components.

CERTIFICATION

- Introduction to Machine Learning – NPTEL
- Programming, Data Structures and Algorithms using Python – NPTEL
